Let's Stop Tax Fraud

Regional councils throughout the United Brotherhood of Carpenters are drawing attention this weekend to the national problem of wage theft and tax fraud. EST AI Bond wrote a [powerful op-ed](#) outlining how wage theft and tax fraud hurts us all by robbing the government of tax dollars it's owed.

Stronger Together

Union bargaining power is needed now, more than ever. Nearly half of American workers are taking home [less than \\$30,000 a year](#). Despite years of economic recovery, evidence shows that typical wages in the U.S. are barely moving.

Fair Play

Illinois Governor JB Pritzker, a great friend to working families, is taking a **major step forward** for a fair income tax. His proposal would address the state's multi-billion-dollar budget deficit by raising taxes only on those making more than \$250,000. *"We are one step closer to giving voters a choice about whether the wealthy will pay more, and 97% of families will pay the same or less."*

A Word of Caution

Highly addictive painkillers - a major problem among construction workers - are prescribed more often by **doctors in rural areas**. *"It is possible that in rural areas there are fewer specialists compared to urban areas, which might be one of the factors."* A Midwest Economic Policy Institute study finds that the injury rate for construction workers is 77% higher than the national average, and nearly 15% of construction workers deal with substance abuse.

BOOM: The old Route 47 bridge over the Missouri River in Franklin County came down today. The new bridge, which we and contractor Alberici had a hand in building, was opened in December to replace the 83-year-old span connecting Washington, MO to Warren County. The project has produced approximately 230,000 man hours for our carpenters.

TRAINING

ICRA TRAINING

ICRA

We can't afford to lose. It's that simple. The Carpenters Regional Council has the ability to train its members with a skill no one else has - yet. Our union is leading the way developing new innovative training and techniques that teach our membership how to reduce contamination while working on expansion and renovation projects in busy hospitals and other healthcare facilities. Become a part of the growing healthcare construction boom.

info@carpdc.org.

New **ICRA Best Practices in Health Care - 24 Hour Qualification** classes have been posted to carpdc.org

Please register for these classes by following the instructions for the ICRA classes in your area.

UBC LEADERSHIP

Carpenters leadership training gives our members the communications, coaching and mentoring skills we need to carry our union into the future. Held at the UBC's International Training Center in Las Vegas, these comprehensive courses have already helped thousands of carpenters learn practical on-the-job tips. [Learn more here](#) and spread the word.

AVAILABLE TRAINING CLASSES

On May 1, 2017 the new Safety Training Requirement changes went into effect. On May 1, 2019 we will enter the third year since the changes. This is a reminder to check your "Safety Training" "Met Through Date" on your carpdc.org account.

If you have not taken any Safety or Technical training since May 1, 2017, as of May 1, 2020 you will "Not Have Met" your training requirement per the guidelines of our collective bargaining agreement.

Please refer to the "Around the CRC" weekly update and our "carpdc.org" website for training class schedules and locations.

Thank you for maintaining your Safety Training Requirement and continuing to be the most productive, highest quality and safest workers in the construction industry.
