We can't afford to lose. It's that simple. The Carpenters Regional Council has the ability to train its members with a skill no one else has - yet. Our union is leading the way developing new innovative training and techniques that teach our membership how to reduce contamination while working on expansion and renovation projects in busy hospitals and other healthcare facilities. Become a part of the growing healthcare construction boom. info@carpdc.org.

UBC LEADERSHIP
Carpenters leadership training gives our members the communications, coaching and mentoring skills we need to carry our union into the future. Held at the UBC's International Training Center in Las Vegas, these comprehensive courses have already helped thousands of carpenters learn practical on-the-job tips. Learn more here and spread the word.
