Payroll Fraud

Law enforcement around the country is waking up to the deplorable problem of tax fraud and wage theft going on inside crooked construction companies. A new Colorado law establishes that labor is a thing of value that can be protected from theft. Willfully failing to pay earned wages can now be prosecuted as stealing, and if an employer steals \$2,000 or more worth of wages, it's a felony. We can't afford to lose. It's that simple. The Carpenters Regional Council has the ability to train its members with a skill no one else has - yet. Our union is leading the way developing new innovative training and techniques that teach our membership how to reduce contamination while working on expansion and renovation projects in busy hospitals and other healthcare facilities. Become a part of the growing healthcare construction boom.
