In Limbo

The long-vacant Jefferson Arms building in downtown St. Louis is languishing in limbo. Developer Alterra Worldwide plans to partner with a subsidiary of a Chinese company to renovate the historic property into apartments, ignoring the many local contractors and local workers who could do the job. [Alterra got millions](#) in tax incentives and reportedly still owes the city \$60,000 in back taxes. Opened in 1904, Jefferson Arms was built to accommodate visitors to the World's Fair and is listed on the National Register of Historic Places.
