

**Important Notice from
Carpenters' Health and Welfare Trust Fund of St. Louis (Carpenters' Plan)
About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the Carpenters' Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The Carpenters' Plan has determined that the prescription drug coverage it offers is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Carpenters' Plan coverage will be affected.

Every person who becomes eligible for Medicare is entitled to enroll in a Medicare Part D drug plan; but, Medicare regulations prohibit coverage in more than one Medicare Part D plan. If you have Active Coverage in the Carpenters' Plan without being enrolled in the PDP, it may not be to your advantage to pay the premium to enroll in a different Medicare Part D Plan because you already have the normal drug coverage in the Carpenters' Plan without additional premium. If you enroll in another Medicare Part D drug plan, or a Medicare subsidy plan, while you are enrolled in the Carpenters' Plan PDP, you will be required to choose which drug coverage you wish to maintain, and drop the other.

If you should lose coverage in the Carpenters' Plan PDP for any reason, you should consider enrolling immediately in another Medicare Part D prescription drug plan. Delay may result in increased premium cost for Medicare Part D drug coverage.

If you are, or become, eligible for Medicare and decide to obtain Medicare Part D drug coverage from another plan, the amount you will be charged depends on several factors including your prior "creditable coverage." Creditable coverage means prescription drug coverage at least as good as the standard Medicare prescription drug coverage. It has been determined that the prescription drug coverage provided by the Carpenters' Plan (either normal or PDP coverage) qualifies as creditable coverage for Medicare purposes.

If you decide to join a different Medicare drug plan and drop your current Carpenters' Plan coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the Carpenters' Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
