### Talking Vaping with Your Teen

According to the 2019 National Youth Tobacco Survey, 5 million youth report having used e-cigarettes in the past 30 days and nearly one million report using them daily. Last week the American Heart Association announced the launch of two research-backed resources to help parents navigate the nuanced and often difficult conversations about the youth vaping epidemic.

These tools were created in collaboration with **Hopelab** and **All Mental Health**. The free information is available in two formats:

1. A one-month emailed course, ideal for parents who want a consistent reminder and ongoing information. Parents interested in the emailed course can sign up at [allmentalhealth.org/vaping](https://allmentalhealth.org/vaping).
2. A Talk Vaping With Your Teen web app is a resource for parents ready to engage in conversations with their teen who need information right away to support the dialogue. The web app is compatible to both iOS and Android devices and can be accessed at [talkvaping.allmentalhealth.org](https://talkvaping.allmentalhealth.org).

## NEWS

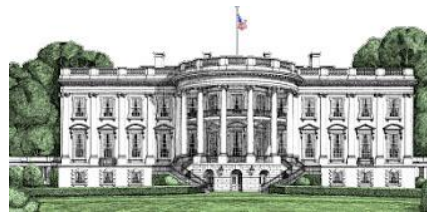

### Let's Stop It

The UBC has released the **first-ever study** to measure the national scope and costs of construction industry tax fraud. The report provides an in-depth analysis on the impact on workers, businesses, and American taxpayers. The report marks the first attempt to study this issue in more than 30 years.

## Trumped

A White House memo effectively gives the defense department permission to [end collective bargaining rights](#) for 750,000 federal workers. These workers, represented by The American Federation of Government Employees, could lose benefits that they have worked for decades to build.

## Sisterhood

This is [National Women in Construction Week](#). Our sisters sponsored a Survival Skills Day last weekend, when journey-level women teach the next generation tips for surviving and thriving in professional carpentry. *Thanks to our SIBS and MOWIT for making it happen.*

## TRAINING

### ICRA

We can't afford to lose. It's that simple. The Carpenters Regional Council has the ability to train its members with a skill no one else has - yet. Our union is leading the way developing new innovative training and techniques that teach our membership how to reduce contamination while working on expansion and renovation projects in busy hospitals and other healthcare facilities. Become a part of the growing healthcare construction boom.

[info@carpdc.org](mailto:info@carpdc.org).

New **ICRA Best Practices in Health Care - 24 Hour Qualification** classes have been posted to [carpdc.org](http://carpdc.org)

Please register for these classes by following the instructions for the ICRA classes in your area.

### UBC LEADERSHIP

Carpenters leadership training gives our members the communications, coaching and mentoring skills we need to carry our union into the future. Held at the UBC's International Training Center in Las Vegas, these comprehensive courses have already helped thousands of carpenters learn practical on-the-job tips. [Learn more here](#) and spread the word.

## AVAILABLE TRAINING CLASSES

On May 1, 2017, the new Safety Training Requirement changes went into effect. On May 1, 2019, we will enter the third year since the changes. This is a reminder to check your "Safety Training" "Met Through Date" on your [carpdc.org](http://carpdc.org) account.

If you have not taken any Safety or Technical training since May 1, 2017, as of May 1, 2020, you will "Not Have Met" your training requirement per the guidelines of our collective bargaining agreement.

**Please refer to the "Around the CRC" weekly update and [carpdc.org](http://carpdc.org) for training class schedules and locations.**

Thank you for maintaining your Safety Training Requirement and continuing to be the most productive, highest quality and safest workers in the construction industry.
